Starting orders will be posted a minimum of 24 hours prior to the start of the competition.

GENERAL INFORMATION

1. Skaters may only compete two times – either short + free, or short + interpretive or free + interpretive. Junior and Senior Singles - points will only count for Super Series standings if you enter both the short and free program. Depending on scheduling, skaters in STAR and Interpretive should be prepared to skate two programs on the same day.
2. If registration numbers exceed ice time allocation, Interpretive categories will be cancelled, and entry fees refunded.
3. Should entries in a category be exceedingly large, the event will be divided into smaller groups which will be determined by random draw. Each group will be considered a final. STAR groups will be divided according to age. Interpretive events will be divided by free skate test level first and then if further grouping is required, by age. Age categories may be combined when there are less than 6 entries in a category.
4. If an event has only one competitor, the skater will be informed and have the option of skating up an event, *skating for an evaluation only, or withdrawing with a refund. When skating for an evaluation, if a technical panel is not available to assess technical content, feedback may be in the form of judges' comments only. *Skating for an evaluation is only applicable to competitive categories and STAR Free Skating categories. Competitors may skate up one category higher than they are qualified.
5. In BC/YK Section competitions, men and women will compete together in all STAR Supplementary Events.
6. MARKING: Please see the STAR Technical Package on the Section website for the marking criteria for each of the STAR and Supplementary Event categories. Note that the lower levels are all assessed with ribbons awarded. Competitive categories are all marked in CPC.
