## MESSAGE FROM THE CHARMAN

As this Skating Season comes to a close, I would like to thank every Club Board of Directors for volunteering their time, so that a Skating Club can operate in your community. Thank you to the Coaches who service those same Clubs and promote skating to everyone. Thank you to the Officials who volunteer so much time to this sport at Test Days and Competitions. What a big wonderful Skating Family we have!!

There was a great turn out of people at our Section AGM in Burnaby in early May. Our new Bylaws were approved by the membership, and I'm happy to report that they have been accepted by the Registrar of Companies. We had Bethany Tory the Chief Operating Officer of Skate Canada at our AGM, and she gave us a look at the new Strategic Plan that will move our organization forward over the next four years.

The Athlete's Trust Auction that was part of a Dinner Cruise in the Vancouver Harbour on the Friday evening was a huge hit! Thank you to everyone who attended and to Diane Neilsen and Danielle Williams for organizing this event. On Saturday evening we had our awards banquet with Ted Barton and Debbi Wilkes as our MC's. It is so inspiring to see the many faces throughout our Province who receive these awards. It was a very special evening as we inducted six people into our BC/YK Section Skating Hall of Fame. Congratulations to all!

There were twenty five delegates from our Section that attended the Skate Canada ACGM in Quebec City. What a beautiful place to hold a conference! Everyone had a wonderful time, attended several workshops, had some great discussions, saw the Olympic Silver Medal skating team with their medals, celebrated the National Award Winners, and so much more!! We also had several coaches from BC at the Coaches Conference. The National Bylaws were passed as the organization moves forward to comply with the Federal Not for Profit Act. This was a very inspiring weekend on several fronts and it is truly special to share it with such a great group of people!!

I hope that everyone enjoys some sunshine this summer, and hopefully you can take some time away from the rink! See you all at Summer Skate!!

Lorraine Mapoles

Chairman BC/YK Section Skate Canada

### **COMOX VALLEY SC**

The Comox Valley Skating Club's Ice Show, Under the Big Top, April 5, was the highlight of a generally great Spring. As you probably realized from the title, the show had a circus theme, which provided lots of opportunities for colourful costumes, rousing music and lively choreographies, including dancing popcorn boxes, a flock of penguins and a gang of gypsies.

We had 50 participants in the show, including Pre-power and CanSkaters, Juniors, Intermediates and Seniors, adults and hockey players. We were particularly excited to present our guest skaters, Aaron Von Cleave, two-time German national silver medallist, and his brother Jairius Godfrey, a Canadian Seniors Men's competitor. Both are CVSC alumni, and we were thrilled to have them back for this event. Both the matinee and the evening show were well-attended by an appreciate audience.

Our test days in April and May both produced a 100% success rate. Congratulations to everyone who participated! And while we are congratulating we also want to say "Way to go!" to Meghan Taylor for winning a Silver at the Victoria Day Interclub Competition.

We also took time to celebrate and have fun together, holding a year-end banquet where we honoured our skaters with the presentation of individualized certificates. The same evening a group of skaters and their brave chaperone gathered for a late-night skating party and sleep-over at the rink. Reports from that event suggest it provided more fun than sleep.

Big thank-yous go out to our coaches Greg and Dawn Ladret and to the many generous sponsors for our Ice Show

### **CONNAUGHT SC**

With Spring came Connaught's annual relocation from Minoru Arenas to Richmond Ice Centre, where we're busy with an off season of intense training, new programs, and acquisition of new skills.

In February, Larkyn Austman became the second Connaught Skating Club athlete to represent Canada at an ISU Junior World Championships, in Sofia, Bulgaria. Larkyn had a great experience and ranked 16<sup>th</sup> in this world event. In April, Larkyn participated in a Skate Canada National Development Camp in Toronto, Ontario.

This is an elite seminar with the country's top coaches, and only a few athletes from across Canada are selected to attend.

Connaught hosted world renowned harness expert Geoff Dionisio over Spring Break. His enthusiasm and skill helped many of our skaters to their first ever double axel and triple jumps. We also hosted a seminar focusing on movement on the ice for Connaught, Coquitlam & Vancouver Skating Club members, led by Mark Pillay. We were lucky to have US skaters Richard Dornbush and Shotoro Imori join in.

Connaught had 79 skaters compete in the Victoria Day Competition in Surrey, B.C., and came home with 19 medals. We are proud of all our competitors and volunteers who helped make the competition happen.

In May, the BCYK AGM Banquet was attended by a large contingent of Connaught members - skaters, officials, Board members, and coaches. Two of our members received awards: Hilary Quick, Judge and BCCR Treasurer, received the **Coaches' Choice Award**, and Margaret Warwick, long-time Club and BCYK Board member & BCCR Volunteer, received the **Susan Griffith Committee Chairman Award**. The event was very well photo-documented by Jimmy Jin, a Connaught Club parent. In late May, Connaught coaches Eileen Murphy and Leah Warwick attended the National ACGM Coaches Conference in Quebec City. They learned of many significant new initiatives, attended workshops, and were able to network with other coaches, officials and club members. Connaught Skating Club feels the investment made to send our valued professionals to this event was well worth it, and encourages other clubs to consider doing the same for next year's 2015 ACGM being held in Winnipeg.

## SPOTLIGHT ON SPECIAL OLYMPICS

### Dale Qualifies For Figure Skating Provincials

Terrace's only Special Olympic skater is making the northwest proud.

Laura Dale, 22, qualified for provincials at the Totem Skating Competition in Fort. St. John March 1 and 2, skating above standard in the Level 3 Special Olympics event

It's year one of a four year cycle in Special Olympics competition, and this was Dale's first time at qualifiers. Special Olympics provincials are February, 2015 in Kamloops.

"This is the best thing that ever happened to me," said Dale, who is in her sixth year of figure skating with the Terrace Skating Club.

To qualify, Dale skated a required element routine and a freeskate solo to music from Romeo and Juliet. The slow piece allows Laura to show off her interpretation and emotion, combined with jumps and spins.

Her spins include the 'back spin' and the 'sit spin'. Her jumps consist of 'waltz jump, toe-loop jump, and salchow jump'.

She also had a chance to meet Level 6 Special Olympics Skater Darlene Jakubowski.

From Dawson Creek, Jakubowski has progressed past provincials to nationals and on to the Special Olympics world championships twice.

And the Terrace Skating Club's winter season is winding down, with skaters returning from the final tournament in Kelowna with strong results. Newcomer Maya Lecuyer brought home two silver medals and Jordan Hendry, in her final competition with club, bringing home a bronze.

"We are going to miss her very much," said the club's Elaine Sanchez of Hendry, who is off to university in the fall.

The club now moves to spring school in Kitimat, and plans on keeping the athletes motivated with a spring/summer off ice schedule with gymnastics, yoga, off ice jumps, and strengthening.

## OFFICIALS CORNER

### Widely Respected Skating Official Laura Carr Learning the Ropes in New Sport

Laura Carr is learning all over again.

A widely-respected national level figure skating judge and controller for more than 17 years, Carr, the deserving recipient of the 2014 Skate Canada Section Volunteer Award of Excellence at this week's ACGM and National Coaches' Conference in Quebec City, is in learning mode in speed skating, a sport that is essentially foreign to her. Carr's oldest daughter, 15-year-old Rosalyn, moved from figure skating to short track in December and has already left her mark, advancing to the Canada West Short

Track Championships earlier this year.

As Carr explains, Rosalyn didn't want to leave figure skating but, like many athletes her age, she simply outgrew the sport.

"She (Rosalyn) told me 'I love figure skating, but figure skating doesn't love my body'", says Carr with a laugh.

And with that, Carr is starting from scratch and learning the basics. With a lifetime of experience as a figure skating official, Carr has recently been approached to train as a Level I speed skating official.

"Getting a child involved in a sport I know nothing about has been really eye opening," she admits. "When you eat, breathe and sleep figure skating, there is a lot of information you know that you take for granted.

"I think I drove everyone at speed skating crazy because of the questions."

Success seems to run in the Carr family. The youngest daughter, Daria, captured the BC/YK Super Series pre-junvenile under-11 crown this year.

"It's great having kids in different sports," says Carr.

"They have their individual passions, and both of them have found something they're very good at. They both love to compete. It's my job to try to keep up to them."

Cont....

Cont...

Taking home a Skate Canada national award is becoming a bit of a habit for Carr, who is Vice Chair of the BC/YK section. Just two years ago, she was the recipient of the Skate Canada Officials Award of Excellence.

“It is very humbling when your peers recognize you like this,” says Carr. “It’s nice to be recognized, but that is not why you do it. It is in honour, but you do this for the love of the sport.”

“You see where you can help out, and you just step in and do the job. As you discover where your strengths and skillsets are, you channel your energy into trying to make a difference.”

Carr is a vital asset for the BC/YK section, and has been instrumental in developing program criteria and standards while overseeing implementation of the STARSkate pilot for her home section.

“Laura is an incredible resource for this organization, not only here in BC, but across the country,” says BC/YK Executive Director Ted Barton. “As with all our great volunteers, Laura is essentially an extension of the staff because of the amount of work she does. She shares the type of vision that helps us grow. I cannot think of anyone more deserving of this award.”

A year ago, Carr was invited to judge at Skate Detroit, and will make a return trip this summer. As for career aspirations on the international stage, Carr is playing that one close to the vest.

“I’ll see where it takes me. If I feel I have the skills and support around me, I’ll go for it. For now, I am just taking things one day, one event, at a time.”

Carr is quick to deflect some of the credit to others she has worked and brainstormed with, including Patricia Chafe, Sally Rehorik, Janice Hunter, Susan Heffernan and Ted Barton, stressing their progressive thinking and complex data analysis is helping grow the sport at the section and national level.

“The knowledge I have gained from those around me is invaluable,” says Carr. “If you can turn yourself into a sponge, something good is going to come of it. Don’t be afraid to question something, or try something new. If you can do something that makes a difference, it is better for skating and creates a better environment for everyone.

“That’s what keeps me going. We all have these minds that say ‘What can we do? Where can we go?’ Not ‘We can’t, we can’t’ – but ‘why not’?

“You’ll find success if you keep going down that road.”

## SUPERSERIES FEEDBACK SERVICE OVERVIEW

### What is the feedback service?

This is a program of the BC/YK Section's Skaters Development Committee established in conjunction with the new [Superseries](#) competitions. The program objectives are:

- To provide useful and accurate feedback to skaters in the competitive stream (Pre-juvenile through to Junior) and their coaches
- To raise awareness among skaters, coaches and parents of the criteria for assessment by Technical and Judging Panels.
- To develop a cadre of technical specialists, controllers, referees and judges who can provide useful feedback to skaters and their coaches in a timely, accurate and appropriate way.
- To raise funds to support skaters' development programs.

### How does it work?

Skaters or coaches make their request to have feedback on their scores and performances at the competition through the Section office. For each program requested, there are three different assessments:

- Technical Assessments (2 parts):
  - Technical Calls: Levels of Difficulty of elements called by the Technical Panel (e.g. lifts, step sequences, spins) as well as details about other aspects of the technical scores such as downgraded jumps.
  - Technical GOE's: Grades of Execution or GOE's, which are the scores on each element awarded by the judges on the quality of the elements executed.
- Program Components Assessments: these are the five scores which deal with overall aspects of the performance: Skating Skills, Transitions and Linking Movements; Performance and Execution; Choreography and Composition; Interpretation.

The assessments can be conducted on-site at the competitions or after the competitions. The goal is to promote a common understanding and use of the actual criteria used in establishing the scores on the skater's report card. [Sample assessments](#) can be found on the Skating in BC website.

Skaters and coaches can also request feedback prior to competitions by filling out the same registration form and sending this along with videotapes of the programs. Call the Section office at 604 205- 6960 for more information on the format required for the videos. Note that the request must reach the Section office no later than 3 weeks before the competition.

### Is there a cost to skaters?

Each program costs \$35 for all three assessments (technical calls, GOE's and PC's). For Pre-juvenile and Juvenile the cost is \$25. This fee goes towards programs for developing skaters and administrative costs.

### Who are the assessors?

Assessors are drawn from the list of Technical Specialists, Technical Controllers, Referees and Judges of the BC/YK Section. They are assigned by the Judges' and Technical Committees with input from the Skaters' Development Committee. Working from the report card and video of the skater's performance, the assessor addresses each score with relation to the criteria for evaluation. The objective is to enrich the understanding of both coach and skater with regards to improvement for the future, within the established criteria.

## 2014 NATIONAL TEAM CAMP

The 25 skaters who fit the criteria for the camp came from all over the country: British Columbia, Ontario, Quebec, Alberta and so did their coaches, also on learning expeditions. For the first time, many of these young skaters, aged 11 to 17, met coaching stalwarts of the sport to get new tips: no-nonsense, ever-positive Doug Leigh; soft-spoken tower of calmness, Lee Barkell; people-person Jan Ullmark; Quebec coach extraordinaire Natalie Martin; western coach Joanne McLeod, who always has a posse of little ones at her knee; and veteran Josee Picard in a rebirth of her career.

The miraculous thing about this camp was that most of the participants were first-timers. It meant that there is a healthy supply of talent in the country, always reaching for the stars. Only eight of the 25 had come to at least one of the three previous development camps.

“It’s optimistic when we keep getting new kids in,” said Michael Slipchuk, Skate Canada’s High Performance Director. “They need to move up through the pecking order. And you have to do that with the technical.”

All of the skaters at the camp are those who are novice and junior eligible – and this is important because from this group may come competitors for the Junior Grand Prix circuit. They can’t be too old for the circuit – and this season the International Skating Union may be lowering the age eligibility for junior events.

The development camp also helps young coaches, too, and there were seminars for them. “We have a lot of young first-time coaches,” Slipchuk said. “The coaches teach a lot of skaters. The information that they gain from coming here with their students can then be passed to [their other students] at home.” Some young coaches have been back with different skaters.

Participants were given an off ice presentation which outlined the administrative part of the program as well as the opportunity view an on-lice CanSkate session in action. The clinic was facilitated by Marilyn Kreuzinger and part of the BC/YK Section CanSkate resource team : Andrea Fleming (Ok Region), Diane Knutson (BC Coast Region) with the help of Carla Stoltz and the Burnaby SC.

## GOLD FEET

### Julie Huynh

Congratulations to Julie Huynh for passing her Gold Dances! Julie learned to skate at the young age of three. By age 9 she began figure skating with the North Surrey Skating Club and was noticed for her artistic flare. Julie has competed in STARSKate Freedance, Interpretive and Ice Dance. She has been able to partner with two NSSC male skaters at the competitive ice dance level. A highlight was competing for the BC/YK team at Challenge this past year in Pre-Novice Dance. Another passion is competing in Interpretive skating. Julie enjoys performing for an audience. Simply put, “my favourite part of figure skating is the opportunity it gives me to share my love for the sport.” Julie has passed on her passion to young skaters during countless hours as a volunteer CanSkate Program Assistant. Julie looks forward to continuing with skating during University and plans to pass her diamond dances. Congratulations and best wishes after graduation, Julie!

### Benjamin Mangabat

Congratulations to Benjamin Mangabat for passing his Gold Freeskate Test. Ben has been skating with the North Surrey Skating Club since age 6. He began to excel when he landed his first double jump and hasn't looked back. A competitive highlight has been winning medals at the last two BC Winter Games: Gold and Bronze. Ben loves to show off his skills including the jumps and spins. He enjoys performing to energetic and fun music. Ben's gold Feet will keep gliding as he moves up to the Novice level. His goal is to become the best skater he is able to which includes a desire to compete at the national level. The NSSC looks forward to helping Ben attain his goals.

### Peyton Meiers

Congratulations to Peyton Meiers of the Comox Valley Skating Club for passing her Gold Freeskate test in May. Peyton began skating eight years ago, when she was seven, and loves absolutely everything about skating.

“It's such a graceful sport that lets me really express myself,” she says. A grade 10 student at Mark Isfeld Secondary School, Peyton also loves dance, and numerous other sports.

“I would like to thank my amazing coaches Greg and Dawn Ladret for always pushing me and making me strive to be better, and of course my family, for always supporting me and giving me confidence. I wouldn't have got nearly this far without them, including a few close friends.”
